Incorporated Coal Retirement Docket)	SECOND SET OF
Opened Pursuant to Commission Order)	CONTINUING DATA REQUESTS
No. 2021-418)	TO DOMINION

CMC Steel South Carolina ("CMC") hereby propounds the following data requests to Dominion Energy South Carolina ("Dominion") and requests that the information and documents requested below be provided within 10 days of receipt of this request by Dominion. These requests are continuing in nature and Dominion is requested to provide any and all information available as of the date of the response and then complete or update the response as necessary as additional information becomes available.

INSTRUCTIONS

1. In answering each Request, please state the text of the Request prior to providing the response. Each Request and applicable response should be on a separate page. Where there are subparts to a Request, each subpart and applicable response should be on a separate page. Each Request is continuing in nature. Thus, if Dominion acquires or discovers additional or different information with respect to a Request after the Request has been initially answered, Dominion is required to supplement its response immediately following the receipt of such additional or different information, giving the additional or different information to the same extent as originally requested. Dominion may not postpone serving such responsive supplemental information until after the filing of any testimony or supporting documents in this proceeding. Initial and supplementary responses shall be full, complete and accurate since they will be relied upon by CMC for the purposes of this proceeding. For each Request, list all assumptions made by Dominion in answering said Request.

2. In the event that Dominion asserts that any of the information requested is deemed by it to be privileged or proprietary, then Dominion in its written response should identify any such data, and any supporting documents, by date and general content. Dominion should also identify all persons who participated in the preparation of the document and all persons, inside or outside Dominion, who received a copy, read, or examined any such document. In addition, Dominion should indicate its claim of privilege with particularity and describe the grounds upon which privilege is claimed. State the present location of the document and all copies thereof and identify each person having custody or control of the document and said copies.

3. To the extent that Dominion asserts that any requested information is not relevant or not material to any issue in the above-captioned matter, Dominion, in its written response hereto, should indicate a specific basis for said assertion in the context of any issues arising in this proceeding.

 - (a) the form in which the requested data currently exists (identifying documents by title);
 - (b) whether it is possible under any circumstances for Dominion to provide the data in the form requested;

 - (d) the length of time (in hours or days) necessary for Dominion to prepare the data in the form requested; and
 - (e) the earliest dates, time period, and location that representatives of CMC may inspect Dominion's files, records or documents in which the requested information currently exists.
5. The Requests contained herein contemplate that individual copies of any documentary material requested will be provided to CMC as is the usual custom in regulatory proceedings. In the event that Dominion asserts that any requested documents are too voluminous, or, for some other reason, copies cannot be provided to CMC, Dominion is requested to make such voluminous or otherwise undeliverable documentary material available for inspection as of the date of the required written responses at such time and place as may be mutually agreed upon among counsel for the parties. Dominion is requested to provide notice to CMC at least two Business Days in advance of the date of the required written responses that it contemplates asserting that any requested documents will be too voluminous to provide CMC with individual copies, or will otherwise be undeliverable according to Dominion. Dominion is also requested to provide notice no less than 2 Business Days in advance of the date of required written responses estimating the size and character of any voluminous materials and/or documents, and to provide copying of any noticed materials pursuant to CMC's designation at CMC's expense at that time.
6. In providing documents, Dominion is requested to furnish all documents or items in its physical possession or custody, as well as those materials under the physical possession, custody or control of any other person acting or purporting to act on behalf of Dominion or any of Dominion's employees or representatives, whether as an agent, independent contractor, attorney, consultant, witness, or otherwise. If documents responsive to a request existed at one time but have been discarded, lost or destroyed, please describe by category such documents, state the identity of the person having knowledge of the circumstances of their discard, loss or destruction, and state the date on which such documents were discarded, lost or destroyed.
7. To the extent any requested document cannot be provided in full, it shall be provided to the extent possible, with an indication of what document or portion of what document is being withheld and the reasons for withholding said document.
